4 Port Hub

The Vantec 4 Port USB 2.0 Hub is designed to be sleek and compact for the everyday user on the go. Easily add four Hi-Speed USB 2.0 ports to any computer ensuring that all your USB needs are met through one single USB port on any computer. The USB cable on the hub is cleverly integrated to be easily stowed away, avoiding the hassle of carrying additional cables. No drivers are necessary as this is a simple plug and play device. The Vantec 4 Port USB 2.0 Hub is an ideal solution for anyone seeking a well designed hub which fuses a sleek and compact design without sacrificing any of its functionality.
